

Zirkona Light-Duty Rotating Wall Mount Kit

Item #7170-0595

WEIGHT	HEIGHT	WIDTH	DEPTH
1.1 lbs. / 0.5 kg	4.75" / 12.1 cm	1.87" / 4.7 cm	7.5" / 19.1 cm

Wall mount solution for small display, tablet or handheld with tilt and articulation.

MAXIMUM WEIGHT CAPACITY

- Vibration environment - holds up to 3 lbs. (1.4kg)
- Static environment - holds up to 22 lbs (10kg)

Note: Extension tube will lower the overall payload rating of the joiner. The longer the extension, the lower the overall rating for the joiner. The small joiner should not be used for mounting TV screens.

FEATURES

- Wall-mount solution for a small display, tablet, or handheld
- 4.25" x 1.87" (12.1 cm x 4.7 cm) mounting plate with 1.37" x 3.74" (3.5 cm x 9.5 cm) hole pattern
- 2" (50mm) extension screws into the Zirkona Quick Release Round Plate pivot pin (7110-1225) with a threaded adapter (14145) creating a strong connection and strong solution
- Articulated joiner with tension handle – position display to the proper angle and tighten handle
- VESA 75mm mounting adapter (fits most displays)
- Rugged, black anodized aluminum
- Add a 50mm, 100mm, or 150mm extension to increase the range of operation

KIT INCLUDES

- Rotating Wall Mount (7110-1227)
- Male Thread Adapter (14145)
- 2 in / 50mm Extension (14141)
- Small Joiner (7110-1234)
- VESA 75mm Device Plate (14139)
- *Assembly required*

NOTE

- Recommend use of LOCTITE® 9460, 9461, or 9466 on all M20 size threads (See part number 7300-0510)
 - Loctite EA 9460
 - Loctite EA 9461
 - Loctite EA 9466
